

Quality Culture. Global Future.

About Us

We at Kale group of Industries commenced our activities in 1996 with a powder coating division, in the name of Elegant Coatings Pvt. Ltd. With our consistent pricing, high quality standards and just in time deliveries. We are now operating from 10+ locations pan India.

We have our presence in three main product verticals –

Refrigeration

Air conditioning

Electrical components

Our Vision

We at Kale group aspire to become **global suppliers** in manufacturing of goods in the **Home Appliances and Electrical Industry** sector, with a strong commitment to develop ourselves as an **Import Substitute Champion** in our domestic core sector.

Our Mission

- Blending together youthful creativity, quality competitiveness and cost effectiveness with the use of cutting edge technology to exceed expectations and be a **preferred supplier by choice** for our customer.
- Establish a Global presence by diversifying our product portfolio by **forward and backward integration**.
- Engage in **sustainable manufacturing activities** and secure the growth of all stakeholders with ethical business practices.

FROM THE DIRECTOR'S DESK

It has been more than two decades that Kale group has been a preferred supplier by choice for its Customers. It is with their trust in us that we have a market share of more than 80% in roll bond evaporators and we are a single source supplier to majority of our Customers. For the organisation, for my team and for me - Customer always comes first.

Our working style, our values and our policies are all centred towards 100% customer satisfaction and delight. From part manufacturing, we have also ventured into complete product manufacturing. Our machinery, powder coatings and assembly line set up is as per International standards and has strengthened our customers' confidence in us.

Ashok P Kale (Managing Director)

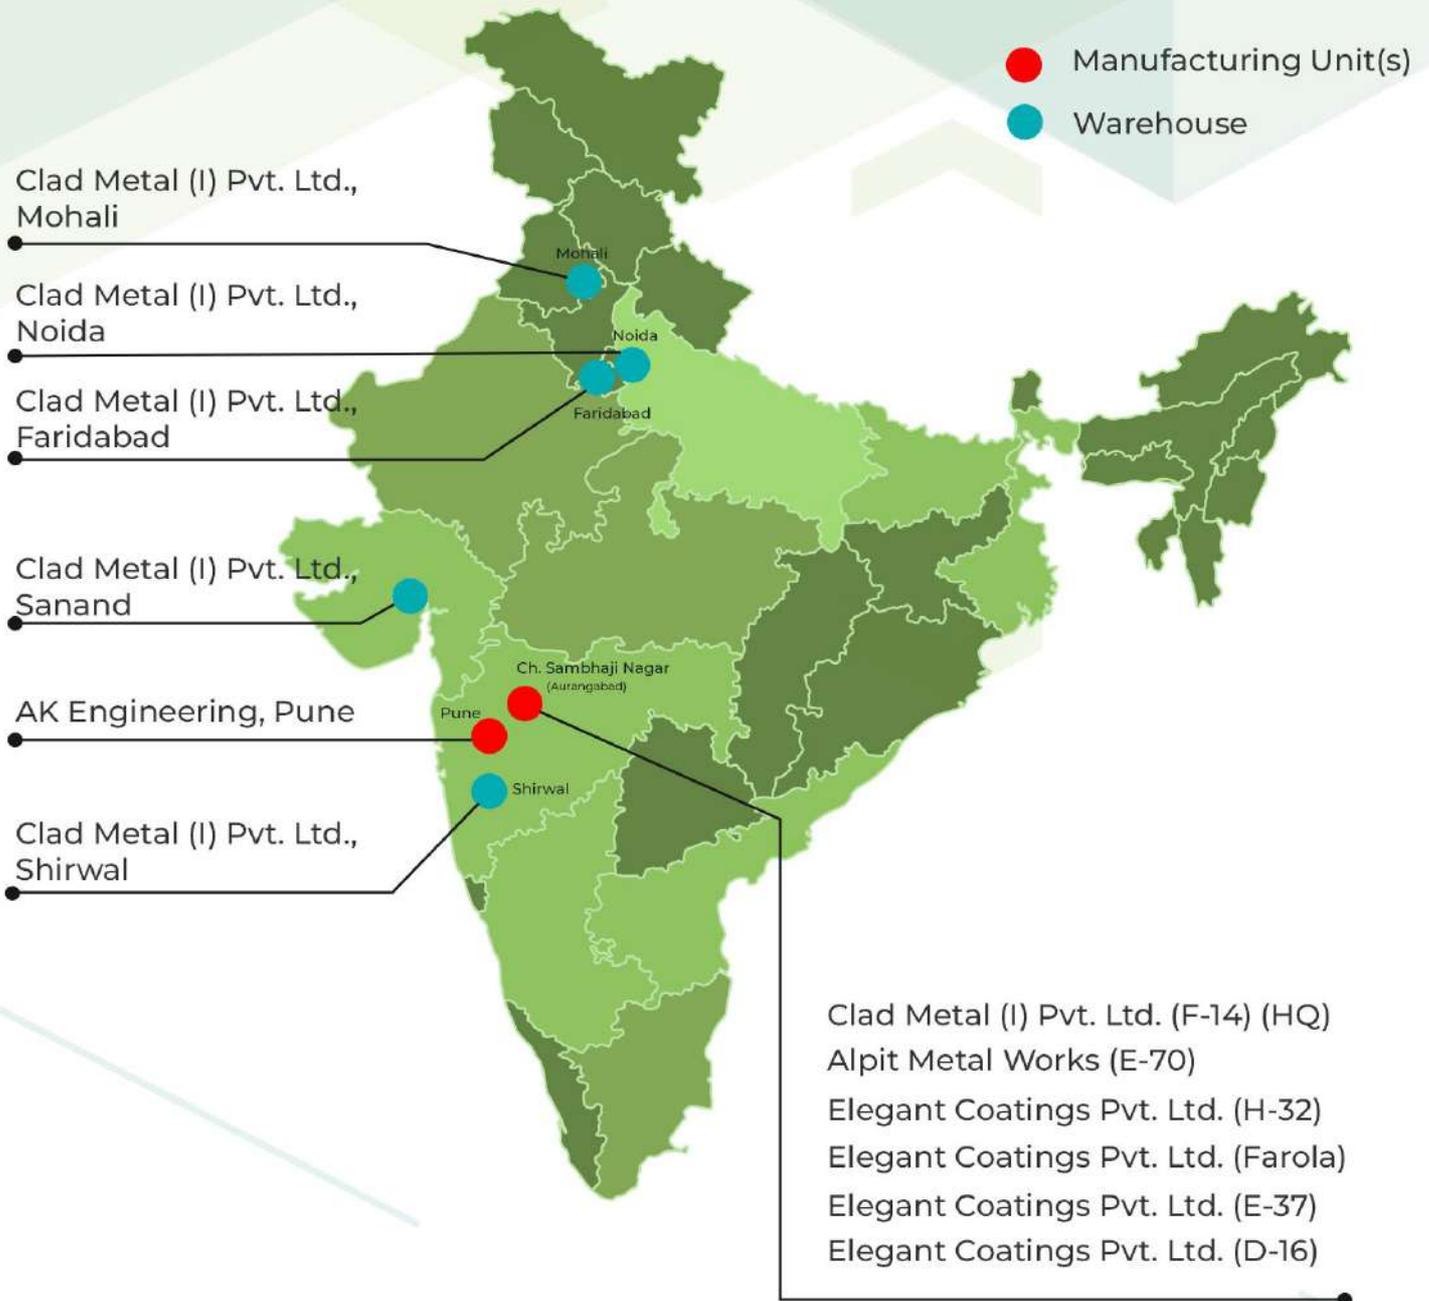

We are aggressively moving towards a digital working culture, helping us to analyse data from our system and be agile in decision making to serve our customer the best. Infrastructure upgradation to be at par with the latest technology helps us be competitive in the market - both in terms of cost and quality.

Our goal is to be a complete product manufacturer in air conditioning and refrigeration sector, and create a strong base not only in India, but at an International level. I am thankful to my strong team who has always supported me in accepting any change for the overall growth and benefit of the organisation.

Ankit A Kale (Director)

A PAN INDIA PRESENCE - LOCATIONS AND OPERATIONS

PRODUCT RANGE

A) AIR CONDITIONING

Outdoor Unit

Complete ODU assembly, with capacity ranging from 1T to 5T.

Indoor unit

Complete Indoor unit assembly. Capacity of 1T, 1.5T and 2T.

Condenser coils

Bare, Blue and Gold fins, 5mm, 7mm, 9,52mm coils.

PRODUCT RANGE

Copper parts

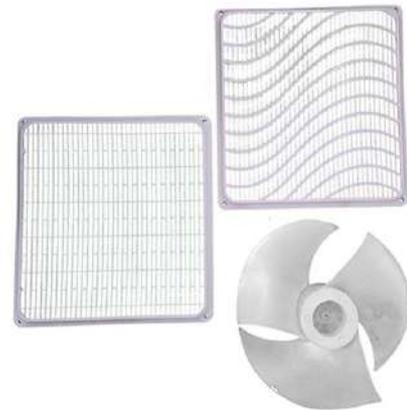

Header assembly, manifolds, U and C type return bends.

Fan

Material: San20
Diameter: 350mm and 440mm.

Grill

Material: PPTF 20%,
Box type and Wave type design.

Press parts & Connecting kit

All press parts duly powder coated as needed.

PRODUCT RANGE

B) REFRIGERATION

Roll Bond Evaporator

Single entry, Double entry
Powder coating thickness -
60 to 80 microns

Fin Evaporator

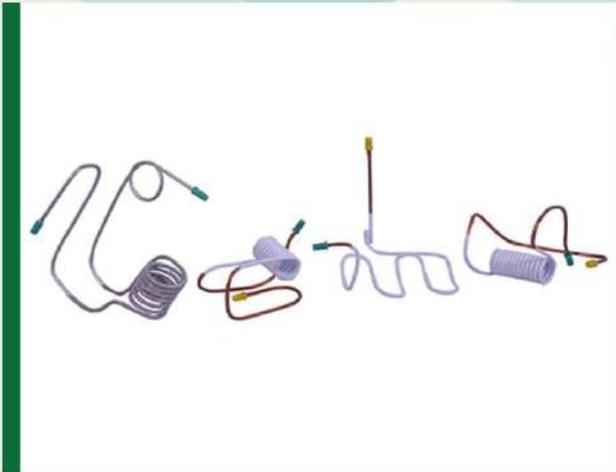

Split type
Continuous type

Filter Dryer

Direct cooling, Frost free,
Deep freezer dryer.
Diameter range -
16mm, 18mm
Thickness - 0.6mm

PRODUCT RANGE

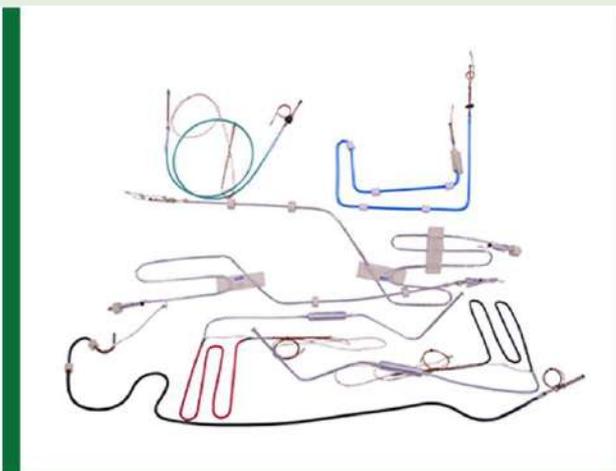

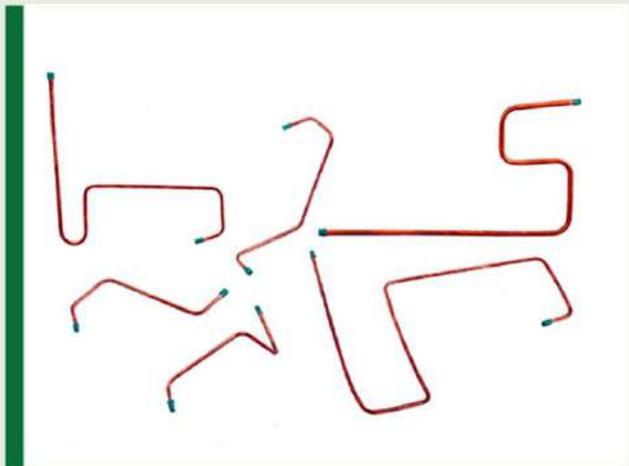

Discharge Coils

Powder coated,
Heat shrink sleeve applied.

Copper Parts

Charging tubes,
Connectors.

Suction Assembly

Direct cooling,
Frost free,
Deep freezer

PRODUCT RANGE

Aluminium coil

Diameter range:
4.76mm to 9.52mm
Thickness as desired.

Joints

TIG welded joints
Epoxy joints
Resistance welded joints

Press Parts

Direct cooling,
Frost free,
Deep freezer,
Steel tub.

PRODUCT RANGE

C) ELECTRICAL

Metal flush boxes

1/2M, 3M, 4M, 6M,
8M, 12M, 16M
Surface boxes with
powder coating.

Distribution boxes

Standard boxes - SPN, TPN
Non standard boxes -
Project based
